

LET'S ALL SUPPORT CHERI !!!!

Cheri is Cherilyn Russell Evans, daughter of Franklyn Russell and granddaughter of Mamie Edith Russell. She is quite an accomplished jazz songstress with a budding career. She has recently released an album that can do us all proud! At this time, the album can only be purchased in the St. Louis area, but you can purchase one directly from her for \$15.00 or on-line at www.vintagevinyl.com for \$15.99.

Check out her website, where you can sample each of the songs on the album. The website is www.ceejazz.com. In a note to me recently, Cheri stated that she would be most appreciative of any help we can give her, whether it's album sales or introducing her to someone else in the music field who can give her assistance.

Here's how to reach her:
